What type of animal would you like to foster? (i.e.: dog/cat – large/small)

Are you able to foster more than one animal at a time? _____

Are there children in your home? If so, details?

Are there other pets in your home? If so, details? (i.e.: Are they spayed/neutered? Up to date with vaccinations? The name of your veterinarian?)

Are there any limitations, restrictions, or any special circumstances or situations that we should be aware of? (i.e.: Would your foster pets be kept inside or out? Is your yard fenced?)

When fostering an animal, we ask that you (at the end of the fostering term) provide us with a rough estimate of the total hours spent with relation to feeding, exercising, grooming, training, etc. (This information is helpful to the Humane Society when applying for grants, etc.)
